

Public Works

Our department's mission is to provide quality services to the Berkeley community with pride, courtesy, and excellence.

Public Works provides integral services to our community every day. Developing and offering efficient, cost-effective services in partnership with our citizens will help us achieve our vision to make Berkeley a leading city in the country by being an outstanding provider of Public Works Services.

Our 325+ staff are responsible for the City's extensive network of public infrastructure, including 214 miles of streets, 400 miles of sanitary sewers and 78 miles of storm water piping, 30 green infrastructure installations, 8,000+ streetlights, 3,750 parking meters, 54 public buildings, and waste, recycling, and composting for all of Berkeley's residents and businesses.

Our work is guided by the City's [adopted plans](#), including the Climate Action Plan, Pedestrian Plan, and Vision Zero, among many others. We are also guided by City policies, such as the [street maintenance policy](#). Our work is funded through the [capital improvement program budget](#).

TRASH & RECYCLING

Commercial and residential refuse, compost, and recycling collection.

TRAFFIC ADVISORIES

View construction projects currently impacting traffic on streets and sidewalks.

PARKING

Residential parking permits, pay parking tickets, and parking restrictions.
