FEATURES

✓ Lawn

✓ Picnic Area

✓ Vista/Overlook

Horseshoe Park is a small, quiet green space overlooking the Berkeley Marina. Shaped like a gentle bowl and sheltered by trees, it offers a natural windbreak and a peaceful place to unwind.

With open grassy areas and scenic views of the Bay, it's a great spot to sit, relax, or watch birds in the surrounding trees. There are no built-in amenities, just open space and calm, so visitors often bring a blanket or a book and settle in. The soft light and serene setting also make it a favorite for photography.

HOST YOUR WEDDING NEXT TO THE MARINA

You can reserve Horseshoe Park for wedding ceremonies and receptions. The space can accommodate up to 250 guests and offers an open-air setting with views of the water.

It's a flexible, natural canvas. Bring the setup that fits your style. City staff will help guide you through the reservation process and any site-specific rules, so you can focus on making the day your own.
