Bay Trail Interactive Map

This street map of the Bay Area highlights sections of the Bay Trail that ring San Francisco Bay, San Pablo Bay and the rivers and estuaries that are connected to the trail. This path runs along the water from Petaluma and Napa in the north to Santa Clara and San Jose in the south.

The Bay Trail is a planned 500-mile walking and cycling path around the entire San Francisco Bay, running through all nine Bay Area counties, 47 cities, and across seven toll bridges.

Details of the Map

[View a downloadable \(.XLS\) version of Bay Trail Interactive Map details.](#)

The Bay Trail segments on the interactive map were last updated in 2024. Connector Trail segments on the interactive map were last updated in 2019.

Map Tools

The buttons at the top of the map enable users to:

Zoom in

Zoom out

Reset the map bearing to North (on mobile devices)

Find my location (a window pops up so you can give permission for mtc.ca.gov to access your location)

View fullscreen

Measure Distances

- As you draw, a black box at the upper-right corner of the map will appear, showing the total measured distance
1. Click to start drawing a line
2. Click again to add a point on the line
3. Press the blue Finish button on the left to end the measurement

Map Legend

The Legend at the bottom of the map shows different types of trails, as locations for select Bay Trail activities.

Trail Legend

Dark green solid line shows Paved (off street) Bay Trail
